— ken Hall, Free, innocent, law abiding citizen.

More details: In light of the government's proven incapability to guarantee the security of personal data and the risk to individual liberty, prosperity and freedom and the potential for massive ID Fraud, We should ALL send a strong message to parliament that we are free individuals born into liberty and we are NOT the property of the state. Our personal information belongs firmly to US and not THEM. We shall only volunteer information to them IF and when they can be trusted to look after it, and only that information that WE want to allow them to have. WE OWN OURSELVES AND OUR DATA. Any information we wish to keep private, is NONE OF THEIR DAMN BUSINESS!
